Modern Plant To Replace Tebbets Mill By Nov. 1

An announcement of great importance to everyone in this vicinity was made Monday by the Ekco Products Company of Chicago, of which the E. L. Tebbets Spool Company of Locke Mills is a division. Donald Cammann, vice-president of the Ekco company, stated that a modern "reproof" structure will be built to replace the mill which was destroyed in the fire of last Feb. 26.

It is said that the new building will provide some 35,000 square feet of floor space, about double that of the old mill, with foundation for another 20,000 square feet additional. Work will begin at once and it is hoped to have the new mill in operation by the first of November. Additional land has been purchased to allow construction of the new building to the best advantage, and the course of the Alder River will be changed to avoid any trouble during periods of high water. The structure will be farther from the street than the former building. Architects are Prentiss & Carlisle Co. of Bangor.

For several years the Locke Mills plant had been devoted to the production of handles and other hard-

wood products for the Ekco company, work which was of unusually high precision in this field. The Chicago company is one of the largest manufacturers of cutlery, houseware, pressure cookers and bakers' pans, lines which include some 1600 items with sales amounting to \$30,000,000 last year.

Vice-President Cammann's statement also expressed their appreciation and congratulations to the State of Maine and the people of Locke Mills on the excellent cooperation and spirit of the community since the fire. The Maine Development Commission was contacted by a local committee which included Nestor Tamminen for the selectmen of Greenwood, Harry Swift representing the employees, E. Lester Tebbets for the townpeople, and Philip Cummings representing the business men.

Several mass meetings were held and over 100 former employees offered to give a week's labor in assisting to rebuild. Ekco representatives who have been in Locke Mills several times have been pleased with the interest and support of the townspeople and officials.

F. PERLEY FLINT

F. Perley Flint passed away Friday morning at Boscawen Camp, Wilson's Mills, after a week's illness.

He was born Sept. 10, 1873, the son of Fred and Lucinda Bennett Flint of Wilson's Mills.

After his marriage to Miss Maquette Littlehale of Newry in 1904, they lived in that town and he was engaged in farming, woods work and guiding. For the past 35 years he has owned and operated Boscawen Camp on Aizoon Lake, a business in which he was very successful.

His love of the woods and wild life, his spirit of sincere friendliness and interest in everyone he met, attracted to him a great number of friends who will long remember him.

Since 1921 the Flint winter home has been in Bethel and summers have been spent at Boscawen Camp.

Mr. Flint was a member of Bethel Lodge, F. & A. M., the Bethel Lions Club, and the Bethel Chamber of Commerce.

Mrs. Flint's death occurred in 1944. He is survived by two daughters, Elsie, wife of Theodore Hawley of Cape Elizabeth, and Margaret, wife of Fredland Clark of Bethel; a brother, Harold Flint of Bethel; a sister, Miss A. Florence Flint of Boston; and two granddaughters, Mrs. Richard Johnston of New Jersey and Miss Jo Anne Hawley of Portland.

Masonic funeral services were held at Greenleaf's funeral home Tuesday afternoon, and interment was in Woodland Cemetery.

BOY SCOUTS ATTEND MT. MICHAEL DISTRICT CAMPFIRE

Twelve Boy Scouts from Bethel Troop 165 with their leader, Harlan Hutchins, attended the Mt. Michael District Campfire at Hobbs Pond in Norway last Friday night and Saturday. After an uneventful night—a few reported they got a little sleep—the boys cleaned up the camp for inspection. Following this the individual events were held with the Bethel boys entering all events. Paul Stevens won the compass reading contest, and E. Everett Saunders won the clove hitch tying contest. Clark Leighton was second in bed making and the team of David Stevens and Arlan Jodrey was second in the log sawing contest.

In the events for troop rating Troop 165 tied Paris troop 190 with the greatest number of points.

NAME TWO GOULD TRUSTEES AT ANNUAL MEETING

At the annual meeting of the Board of Trustees of Gould Academy Tuesday, Lt. Col. James Alger of Washington and Bryant Pond and Harold U. Johnson of Bronxville, N. Y., were elected trustees. Resolutions were passed to name the girls' athletic field "Elery G. Park Athletic Field" and the newly developed lower field the "Joseph H. Barr Field." In commemoration of these two former trustees for their arduous and faithful services to the Academy suitable dedication services were planned for this fall.

Appreciation was also recorded of the gift of the class of 1950 of an outdoor fireplace built by Mr. Ireland.

GOULD ACADEMY WALLOPED WILLIAMS HIGH OF OAKLAND LAST SATURDAY FOR THEIR SECOND CONSECUTIVE STATE TITLE.

The victory was especially noteworthy as the Oakland club was noted for their hard hitting and had annexed a string of 13 straight victories before going down before the Huskies.

Clint Mason pitched his best ball of the year as he held the Eastern Champs to only one run on three hits and struck out 12 men. In the last 6th inning he relieved 19 men in order.

Husky bats were ringing in this finale as they banged out 14 hits. Marshall, Boyd, and Kendall got three hits each. Marshall led in scoring with four runs, while Smith led in the important RBI column with four runs driven in. Extra base blows were three batters by Boyd and Smith, and a double by Marshall.

It was a tight 2 to 1 ball game, going into the fifth but the winners scored twice in the fifth, three times in the sixth and added four in the eighth.

The victory ended a second great season in a row for Coach George Bowhay's pastimes. Eight of the nine men that started the game have now graduated which means almost a complete new team for 1951. Only Agnese of the regulars will be back with Paul Bartlett, a reserve fielder, and Bean and Jordan, pitchers, to form a nucleus for the team of 1951. Chase, who has figured in a lot of pinch hitting will also be a mainstay of next year's contingent.

LINSCOTT WHITE OF MAUNA LOA ERUPTION

Friends of the Rev. and Mrs. Burton Linscott of Kealahoukua, Hawaii, will be interested in a letter recently received by her parents, Mr. and Mrs. Charles Saunders, telling of the eruption of Mauna Loa near their home.

Kealahoukua, Hawaii
June 5, 1950

Dear Home Folks:
My report to you is long overdue, and by this time you are probably wondering whether or not we are under tons of molten lava.

For once the newspapers did not exaggerate. Of course Pele has just tried to celebrate our anniversary. We were at the Inn for our last dinner here, with friends and to enjoy a program of Hawaiian music. We were surprised to hear the leader of the group announce (in Hawaiian) that the next number would be the Hawaiian Wedding song, the boldest of all Hawaiian music, sung in honor of Father and Mrs. Linscott.

We left about 9:45, the glow in the sky was unusual and looked like an eruption so we turned about and raced to the airport, where we could see the whole sky and the southern ridge of Mauna Loa aglow. We were not surprised since we had been having severe earthquakes, this time bad enough to break up some places in the highway, smash a dish or two. In our case it upset all the altar flowers, spilling water all over our new carpet, upset the candlesticks, broke the candles, etc. They do not happen to terrify us as they do some people.

Since the one last year took so long to flow and all for the last hundred years have been slow-moving we thought nothing more of it, kept the radio on, but when nothing exciting had happened by 1 a. m. went to sleep. In the A. M. everyone was excited. The flow had crossed the highway 15-16 miles down the road, taking out a Post office, filling station, a church and many houses. Fortunately everyone got out in time although for a while we thought some old folks had been trapped. We got down to see it by noon. It was cooling, but rocks much to the delight of the children who are excited about sending them to Sonny.

Before dawn however, the main flow had crossed the road and reached the sea, and this has continued ever since. A beautiful river of fire piling into the sea sending up masses of white steam.

REV. ROBERT M. HARPER

Zephaniah Calls for Repentance
Lesson: Zephaniah 1: 12-18; 3: 16-19

Memory Selection: Zephaniah 2: 3

ZEPHANIAH, who labored about 700 years before Christ, was carried into captivity, was greatly concerned about the corruption of Judah and he strove to bring the people to repentance. But they were slow to hear and they failed to heed what the prophet declared. As a consequence, they were soon carried as exiles into Babylon.

So we find the prophet warning the people against their evil ways and urging them to return unto God. The Lord declares that he will search out Jerusalem, and in the great day of Jehovah the silver and gold of the people will not save them and the whole land will be devoured if they do not repent.

In the third chapter Zephaniah seemingly looks beyond the 70 years of captivity to a brighter day which shall come for Judah. In the days when the discipline of the exile has ended the people will come to better things. Jehovah will be in the midst of the mighty One to save. We cannot do better than identify this blessed period with the coming and the reign of Christ in the world. It was a distinguishing feature of the dwelling of Christ on earth that God dwelt with men. According to prophecy one of the names of Jesus was Emmanuel, which means "God With Us."

So may we labor the harder to spread abroad the teaching of the gospel and to bring a larger number of men to know Him whom to know is life eternal.
